Disease assay

• Vacuum infiltration with DC3000 (5x10⁵ cfu/ml)

No significant changes of immunity response were observed between WRKY knockout mutants and wide type RG-PtoR

RG-PtoR wrkywrky-CRT0007-13 CRT0007-25

Hypersensitive response (HR) assay

Plants were Agro-infiltrated with empty or constitutive active AvrPtoB₁₋₃₈₇. WRKY knockout mutants still showed cell death as wide type RG-PtoR.

RG-PtoR RG-Prf3 wrky- (CRT0007-13)
